AGITATORS ARE ALERT

Circulating Reports of Rather Sensational Kind.

WITTE IS THE VICTIM

He Is Accused of Heading One Band of Revolutionists and Intends Imprisoning the Emperor in His Palace.

St. Petersburg, Nov. 10.—During the rioting at Cronstadt, the government treasury there, which is surrounded by a deep moat filled with water, was only saved from the mob of mutiners and rowdies by a removal of the bridges. Ethelbert Watts, American consul general here, received the following dispatch Thursday night from Consular Agent Wiglus at Cronstadt: "Sailors, aided by a mob, commenced rioting here and several houses were set on fire and shops robbed. The situation remains critical."

The town council of St. Petersburg is taking the lead in the political education of the masses by inaugurating a series of public lectures at which the new order of things is explained to the people. The object of the meetings is to allay hostility between the various classes by showing the benefits accruing to all from the grant of the liberal dealing. This example will be followed by Moscow and other cities.

Word reaches Count Witte that in some regions reactionaries, who are seeking to make the new regime odious, are spreading reports among peasants in the country and lower classes in the cities that the imperial manifesto is a forgery issued by Camarilla revolutionists, of which Count Witte is the head, and who will hold the emperor in prison in his palace. Such stories, circulated among the ignorant peasantry, are not to be proved almost as dangerous now as they did when the peasantry rose to support Puagtiecheff who, claiming to be Peter III, called on the people to overthrow Catherine II. The clergy throughout the country, under instructions from the holy synod, are doing a in their power to counteract the effect of such pernicious reports by explaining to the people in the churches the real meaning of the reforms.

Rear Admiral Nebogatoff, who arrived here from Japan, is posing as a martyr, declaring he deliberately sacrificed his name and honor by surrendering at the battle in the Sea of Japan in order to save the lives of the 2000 sailors in his own division. The admiral's son has been forced by the derision of his companions at the naval academy to leave that institution.

Practically all the powers have now accepted the invitation of Emperor Nicholas to be represented at the second peace conference and the programme which Russia will submit for consideration of the delegates at The Hague is being elaborated at the foreign office. The conference has been fixed for May next.

NOT DIRECT APPEAL.

Personal Influence of President Invoked to Stop Massacres.

Washington, Nov. 10.—Simon Wolff, former B'Nai B'Rith society president, said regarding his letter of appeal to the president: "My letter to President Roosevelt must not be regarded as a direct appeal to the government to interfere in international affairs in Russia. President Roosevelt has a personal side. He possesses power and influence wholly apart and distinct from that which is vested in him as chief magistrate of the United States. Knowing this, I therefore have taken the liberty of writing a letter to him in the hope that he may be able through the force of his own striking personality, genius, talents and power to bring about some concert of action on the part of men as great as himself to put an end to the massacre of Jews in Russia. The situation of Jews in Russia is indeed a terrible thing. I almost failed to realize it at the outset. I within the past twenty-four hours or so have come to realize the massacres are deep and well laid plans of bureaucrats to throttle liberalism in Russia, just as Millukoff predicted months ago."

RUM RED MASSACRE.

Story Is That It Will Be Like St. Bartholomew Horror.

St. Petersburg, Nov. 10.—A story is being industriously circulated that a regular St. Bartholomew massacre of the Jews has been planned by the Black Hundred for Saturday night. It is declared that all houses containing Jews will be marked by a red cross.

Count Witte has ordered a thorough investigation of all Jewish massacres in the interior, particularly the conduct of soldiers, troops and officials, and is determined to have all offenders removed or punished.

MUTINY SUPPRESSED.

Disorderly Element at Cronstadt Reported Under Control.

Cronstadt, Nov. 10.—The mutiny has been entirely suppressed. Those who were holding out have been arrested. Disorderly elements are under control.

BALLOT BOX DISPOSAL

It Is Claimed Some Were Thrown In North River.

INVESTIGATION IS ON

Statement Issued From Hearst Headquarters Says Over Eight Thousand Votes Thrown Out Intended For Editor.

New York, Nov. 10.—Attorney General Mayer stated that he had received information of the recovery from the North river of certain ballot boxes used in the election of Tuesday last. He said the matter was under investigation. Attorney General Mayer left his office at midnight, saying the expected developments had not taken place and that nothing could now be gained by his remaining down town longer. Mr. Mayer refused to discuss the reported finding of the ballot boxes in the river.

A statement was issued from Mr. Hearst's headquarters saying that an examination of the alleged defective ballots which were thrown out on election day show more than 8000 which, he declares, should have been counted for him. It is asserted that these ballots were marked with a cross beneath the Municipal Ownership emblem and directly over Mr. Jerome's name. Mr. Hearst says these ballots should be counted for him pending a judicial decision as to their validity. He asserts that if these were accredited to him he would be elected without a recount of the entire vote.

Police Commissioner McAdoo issued a statement formally explaining how the police came to have possession of the ballot boxes. He says that according to custom for many years past the board of elections, by resolution, asked the police department to take care of the boxes. The board had no facilities at its command for caring for the boxes, as the commissioner was expected when the ballots were kept waiting in the streets for more than twelve hours.

Policemen have been detailed to guard the various warehouses where the ballots were stored.

TWO HUNDRED.

This Is Estimate of Casualties That Happened at Cronstadt.

St. Petersburg, Nov. 10.—The governor of Cronstadt telegraphed the general staff at midnight that the mutiny had been crushed; that there was no likelihood of any renewal of the revolt today; that reports to the effect that members of the guard had joined the mutineers were false and that there was no truth in the reports that the mutineers had seized the arsenal and forts. He gave an estimate of casualties.

The correspondent of the Associated Press, who is on the ground, however, says that the officers estimate the casualties at 200, which is certainly very conservative, in view of the reports brought by refugees who fled from the town to the mainland.

At this critical juncture there is an attempt made in government circles to minimize the seriousness of the mutiny and it is admitted that if a battalion of artillery joined the sailors in open revolt the mutinous spirit must have been contagious.

BULLETS AND BAYONETS.

Ninety Per Cent of the Killed and Wounded Victims of These Weapons.

Odesa, Nov. 10.—Authentic accounts received here from various points in Bessarabia show that the anti-Jewish outbreaks there followed the same lines as at Odessa, varying only in the number of victims.

Attempts at self-defense were quelled by troops. Ninety per cent of the killed and wounded were victims of bayonets and rifle bullets. The looting was accompanied by atrocities similar to those witnessed at Odessa and continued for two days.

EXECUTIVES EDIFY.

Several Governors and Others Deliver Addresses at Chattanooga.

Chattanooga, Tenn., Nov. 10.—Quarantine matters were discussed at the conference on quarantine and immigration Thursday. Nearly all speakers favored Federal control of maritime quarantine. Governor Blanchard of Louisiana stirred the convention by his emphatic advocacy of this action.

Governors Cox of Tennessee and Vardaman of Mississippi spoke on improved aliens coming south and latter migrations. Former approved aliens coming south and latter said negro labor was becoming worthless.

Congressman John Sharp Williams insisted the national government should take care of the public health. He declared it was not right to allow New Orleans to expend over \$200,000 to stamp out yellow fever.

Will Remove Troops.

Berlin, Nov. 10.—All powers have now agreed to remove their troops from the province of Chile. Although the United States had no troops there, the American government notified the powers as an act of courtesy of its agreement with the decision arrived at.

BRYAN, TEXAS, NOVEMBER 11

The French revolution is being re-enacted in Russia.

Things are almost as chaotic in American politics as in Russian government.

A bale of cotton has been marketed at Marlin weighing 790 pounds. It brought \$82.25. The bale wrecked the gin press where it was ginned.

The Southern Pacific gasoline motor car, that is to run on the G. H. & H. between Houston and Galveston, has at last left the shops where it was built, and will soon be in operation, according to published announcement.

The importance of advertising is now well understood by the average merchant, but many of them are in as bad a fix as they were before, because they do not know how. The subject of advertising is now taught in many business colleges, while there are some schools that make a specialty of teaching the art.

Of all the spectacles arranged for the entertainment of the visitors to the San Antonio International fair, none have aroused more interest in the public mind than the collision between the two big passenger locomotives, each weighing in the neighborhood of eighty tons. These engines have been secured from the Rock Island road, and it is calculated would have seen at least six or seven years more of actual service. This spectacle will cost the fair association about ten thousand dollars for about one minute's entertainment on the afternoon of Nov. 26.

Have your stoves repaired before cold sets in. I can mend any part broken and give satisfaction. Buy and sell second-hand stoves. Billy Griffin, phone 217.

FORTY CLOWNS HERE.

Will Amuse the Throngs at Forepaugh-Sells' Bros' Circus Today.

Forty merry mummies will add hilarity to the ring performance of the Forepaugh-Sells circus when they show here today. The clown today is a feature in multiplied number. Of late years the sawdust jester has been crowded out of the arena. Years ago it was between the rests of the bareback riders that he cut up didoes with the ring master and got a sharp crack of the whip for his foolery.

In the Forepaugh-Sells circus there are forty of these droll fellows, nor are all of them of the traditional white face streaked in red and black and loosely dressed in the costume of dotted white. Some appear as tramps, some as stage Dutchmen and Irishmen, some as policemen, some as overgrown boys, some as dudes, some go so far as to don bizarre effects in the dress in the other sex. They are the bulliest people in the whole circus.

The clown's performance is continuous from the time the band begins to play until he has ridden the finish of his burlesque of the animal race, made up, perhaps, as a monkey, or dodo and carried by another clown made up as a donkey or a dinosaur. The clown is poured into the program for good measure, and must always be on the spot. He performs his acts like a strolling player, before one group, and then another, and another until he has made a circuit of the seats, then he runs away through the red curtain to that strange beyond only to reappear in new guise and do new acts.

The clown rehearses four weeks before the circus goes on tour, the art of being funny, and rehearses every morning to keep in practice and to keep up with the times. When he isn't rehearsing or performing his own act, he is more likely than not to be found on the hind legs of the trick donkey or the front legs of the educated giraffe.

The world has plenty left, besides the children, who are glad to see the old time clown again and greet him cordially.

TEXAS RESTRAINED.

Entire Year's Tax Under Love Law Cannot Be Collected.

Austin, Nov. 10.—In the test case of the Paris and Great Northern Railway company District Judge Brooks granted an injunction restraining the state of Texas, through its officers, from collecting the entire year's tax under the Love bill, holding that the state is entitled to "but a tax of one hundred and sixty-seven three hundred and sixty-fifths of 1 per centum of its gross receipts for the year ending June 30, 1905, and as plaintiff has made a valid tender of the amount due under this construction, I think that the injunction prayed for should be granted."

Thus, according to Judge Brooks' decision, the state is entitled to collect but five and one-half months' tax, or about \$297,000, instead of \$650,000, if the entire twelve months' tax was allowed.

LARGE INCREASE.

Taxable Values of Texas Have Been Considerably Augmented.

Austin, Nov. 10.—The comptroller added the taxable value of the tax rolls of the counties of the state and a grand total of \$1,139,023,302 was reached, against \$1,080,779,775 last year, or a net increase of \$58,243,527 over last year in the assessed values of the state.

BURTON'S BLOW.

Several Houses Blown Off Foundations and Lady Injured.

Burton, Tex., Nov. 10.—This place was visited by a cyclone that did considerable damage to property. Several houses were blown off their foundations, and the Methodist church is a complete wreck, being scattered over the adjoining fields.

A report came in from the country that Mr. Knispel's home is a complete wreck and his wife had the misfortune of having her arm broken, caused by a fall that she received during the storm.

At another place about three miles from town a man's barn and contents were blown completely away. Two cows that were in the barn were killed. His residence was moved about forty feet without injuring any of the family, who were all in the house at the time.

Meets at Fort Worth.

Corsicana, Nov. 10.—President J. D. Roberts announced that the Texas Baseball league would hold its annual session in Fort Worth on the 12th inst. At this meeting officers will be elected and the circuit decided upon.

Identity Established.

Texarkana, Nov. 10.—The man killed here by a night watchman was named Frank Mills. His home was at Omaha, Neb. His uncle, W. H. Vontricks, of this place, identified him. Mills' wife arrived from Omaha. Night Watchman Baldwin was placed under \$1000 bond.

Forty Years for Earle.

Daingerfield, Tex., Nov. 10.—Postelle Earle, colored, was convicted of attempted criminal assault upon a fourteen year old white girl and given a sentence of forty years in the penitentiary.

KILLED HUNTING.

Boy Meets His Death and Three of His Companions Held.

Caddo, I. T., Nov. 10.—Following a hunting trip after school with several companions, the dead body of Clarence Schwartz, aged twelve years, and the son of a merchant of this place, was found about a quarter of a mile west of town. Five boys were arrested charged with the killing, two of whom were afterwards released and the three carried to Durant for examination before United States Commissioner Parker. One of the boys admits the killing, saying it was an accident.

Against Smoot.

Oklahoma City, Nov. 10.—Oklahoma and Indian Territory Federation of Women's Clubs in convention here adopted a protest against the seating of Senator Read Smoot. A resolution was also passed favoring union of the two territories in statehood and the Hepburn pure food bill was endorsed.

CRASHED INTO REAR.

Twenty Persons Were Injured and the Two Engineers May Expire.

Missoula, Mont., Nov. 10.—Northern Pacific passenger train No. 4, east-bound, running thirty miles an hour, crashed into the rear of an eastbound freight train two miles west of here. A score of persons and trainmen were injured. The two engineers probably will die.

Sixty-Fourth Birthday.

London, Nov. 10.—King Edward celebrated his sixty-fourth birthday Thursday at Sandringham. Congratulatory telegrams poured in from all parts of the world. The usual salutes were fired and there were the customary celebrations in Great Britain and in the colonies.

Large Richmond Blaze.

Richmond, Va., Nov. 10.—The three-story office and warehouse building of the Virginia Packing company, near this city, was totally destroyed by fire. Loss, \$250,000; insurance, \$156,000. The flames started in the slaughtering department of the plant, presumably from spontaneous combustion.

Eight Revolvers Seized.

New York, Nov. 10.—Acting under special instructions issued by President Roosevelt, customs inspectors seized eight revolvers from two men on the Clyde line steamer Seminola as the vessel was about to sail for San Domingan ports.

What Happened to Him.

Marengo, Ia., Nov. 10.—Erle von Kutzleben, alleged German baron, who caused a train wreck on the Rock Island at Homestead last spring, "just to see what would happen," was sentenced to life imprisonment.

WOODMEN CIRCLE ORGANIZED.

A Grove of the Woodmen Circle was organized at the K. of P. hall yesterday afternoon at 8 o'clock by Miss Emma S. Culbertson of Waco.

The following officers were elected and installed last night: Mrs. J. H. Perrin, guardian; Mrs. Minnie Estill, adviser; Mrs. Bettie Bell, magician; Mrs. M. Nagle, banker; Miss Maude Nicol, clerk; Miss Dora Umensetter, attendant; Mrs. L. J. Cox, inner sentinel; Mrs. J. W. Freeman, outer sentinel; Dr. H. L. Fountain, physician; Mrs. W. P. Connelly, musician; Mrs. Kate Wilcox, Mrs. Josie Lawrence, Mr. Tom Searcy, managers.

No, the Eagle did not say in yesterday's paper that the reporter had a "sweet conversation with a smart little woman," nor "an animated conversation with a sweet little woman," nor anything that would bear such an interpretation. It was simply said that the Eagle representative had a conversation with an intelligent lady on a "sweet subject." Candy is a sweet subject, isn't it? The article in yesterday's paper entitled "A Club Woman Talks to the Eagle Representative," etc., is the one here referred to. Those who got a wrong impression of the matter might read it again and see if this isn't the exact truth regarding it.

The Allen Academy football team easily defeated Austin high school team on the Academy grounds yesterday evening. The score against the visitors was 25 to 0. A large crowd witnessed the game.

The I. & G. N. northbound passenger train derailed from its line over the Central to Hearne yesterday morning on account of freight cars derailed between Bryan and Valley Junction.

John M. Lawrence & Co. on yesterday sold a bale of cotton weighing 682 pounds, which brought \$75.02.

AN UNEXPECTED DEATH.

Mr. J. H. Hunnicutt of Grimes County Expired Yesterday—Was Visiting in Bryan.

Mr. J. H. Hunnicutt of Martin's Prairie, Grimes county, died very suddenly in Bryan yesterday. Mr. Hunnicutt, accompanied by his wife, was in Bryan to visit his two sons, G. H. and J. W. Hunnicutt, and had been here two days, visiting at the home of the last named. He and his wife were on their way from the residence of G. H. Hunnicutt to that of J. W. Hunnicutt, yesterday afternoon about 3:30, when, at a point near the H. & T. C. depot, the old gentleman complained of a sudden pain in his side, and collapsed. The wagon was driven on to Mr. J. W. Hunnicutt's home, where, at about 4:30, Mr. Hunnicutt expired.

Mr. Hunnicutt was 69 years old at his last birthday. Besides his aged wife, he leaves a son in Grimes county, in addition to the two living in Bryan.

The remains will be interred at Wixon church Sunday morning at 10 o'clock.

IMMEDIATE RESPONSE.

Liberal Subscriptions Given by Jews at San Francisco.

San Francisco, Cal., Nov. 10.—At a meeting of associated delegates of Jewish congregations of San Francisco and nearby cities held here in Temple Emanu-El in response to a telegram from Jacob Schiff, a New York banker, making an appeal for aid for persecuted Jews in Russia, an immediate response was made both in the shape of liberal subscriptions and an address to the people of California setting forth conditions as they exist in Russia and the imperative need for help.

MONUMENT TO SATAN.

Two Policemen Kept Busy Guarding the Horned Figure.

Detroit, Mich., Nov. 10.—Two Detroit policemen, late Thursday night, assumed the unique duty of taking up their station as guards at the site of a monument to Satan. The monument is fourteen feet in height from foundation to crown, a horned figure purporting to be Satan being shown in a stooping posture behind a pulpit. The grotesque affair created a sensation when unveiled in the front yard of Herman Menz, a contracting stone mason, at 308 Stanton avenue, and Thursday night a mob of boys gathered around it and began a bombardment of stones that threatened its destruction, the two policemen finally dispersing the crowd and standing guard to prevent further attacks.

Explaining his action in erecting the monument, Mr. Menz said that he did not believe a word of the Bible, but that Old Nick told the truth. "He is my friend," declared the old man, pointing up at the image. "He spoke the first and last truth." Around the neck of the statue, when it was unveiled, was a ribbon of United States flags. Clergymen and city officials have been interviewed regarding the extraordinary action of Mr. Menz, but no conclusion has been reached as to whether his monument can or should be made the object of official action to secure its removal.

DR. BEECHER DEAD.

Member of Prominent Family of That Name and Herself Noted. Santa Barbara, Cal., Nov. 10.—Dr. Amourette M. SHOCKINGLY SAD.

Newly Married Couple Found Dead in Bridal Apartments.

Norfolk, Va., Nov. 10.—A special to the Virginian-Pilot says Helen Hope, who Wednesday night married Randolph C. Johnson at Perquimans, N. C., was found dead in her bridal chamber Thursday morning with a pistol in her hand and a bullet wound through her head. Johnson was lying across the bed with three bullets in his head and body.

Johnson had loved Miss Hope since her early childhood. He was twenty-eight years of age and she but seventeen. After their wedding a large supper and dance followed and about midnight the couple drove to the home the groom had provided. Their non-appearance about the house in the morning caused inquiry and when the door of the bridal chamber was broken open the woman was found lying in a pool of blood before her dresser with a pistol in her hands and her brains oozing from the wound in her head. Johnson's wounds were in the left breast, the left temple and a grazing wound on the cheek. Either of the first two would have proved fatal. No motive for the tragedy can be learned.

ROPE AROUND NECK.

Negro Saved by Prompt Action of Sheriff and a Citizen.

Atlanta, Nov. 10.—But for the quick and positive action of Sheriff John W. Nelms of Fulton county, and J. M. Speer, a well known citizen, who appeared on the spot with his fast automobile Peachtree Road, the most stylish residence section of Atlanta would have been the scene of a lynching Thursday.

Jim Walker, a negro, arrested a Fairburn, Ga., accused of being the assailant several days ago of Mrs. Alice Moore of Brookwood, a suburb of this city, was brought to the home of Mrs. Moore, who identified him as her assailant. A crowd of thirty or forty men soon gathered, and, led by John Moore, the son of the lady attacked, had started to the woods, a short distance away. The mob was on the edge of the woods with a rope around the negro's neck when Mr. Speer dashed up in his automobile and parried with the crowd a few minutes until Sheriff Nelms reached the spot. The sheriff made a short speech to the crowd in favor of law and order, while the negro was hustled in the automobile with the rope still dangling from his neck. A dash was made for the city, where the negro was safely lodged in the tower, which is one of the strongest county jails in the country.

MORGAN MAYOR.

He Succeeded Sir John Pound With London, Nov. 10.—Alderman Walter Vaughn Morgan was inaugurated lord mayor of London Thursday, succeeding Sir John Pound, with all the time-honored ceremonies.

The new lord mayor went in state through the streets to the law courts, where he took the oath of office. The procession, in which various associations took part, were imposing, and the route was lined by immense crowds of people. Among the floats were one typifying peace, which was draped with immense American flags, a tribute to President Roosevelt's success in ending the war in the far east.

READ SIGNALS.

May Be Telegraphic Communication Between San Juan and Washington.

Washington, Nov. 10.—The navy department has been informed that the wireless telegraph operator at San Juan, Porto Rico, read signals which were being sent from the wireless station in the vicinity of New York. The distance as commuted at the navy department is approximately 1400 miles. This encourages the belief at the department that it will be possible to establish telegraphic communication between San Juan and the Washington navy yard in the near future.

Malone Elected.

Memphis, Nov. 10.—James H. Malone, one of the best known lawyers of Tennessee, was elected mayor of Memphis on an independent Democratic ticket, defeating J. J. Williams, Democrat, who has held the office eight years. Rest of independent ticket was also successful.

Temporary Injunction.

St. Louis, Nov. 10.—Attorneys for the New York Life Insurance company secured a temporary injunction from Judge Adams of the United States circuit court restraining Superintendent Vandiver of the state insurance department from suspending that company's license.

Practically Eradicated.

Pensacola, Nov. 10.—There were no new yellow fever cases or deaths Thursday up to 6 o'clock in the afternoon.
